

This educational seminar will provide essential information for people who are serious about safeguarding their financial security in retirement.

This seminar will explain how to:

- ▶ Significantly reduce tax after age 55
- ▶ Completely eliminate tax after 60
- ▶ Calculate if your current savings and super will provide your desired retirement lifestyle
- ▶ Differentiate between alternate types of super funds and decide what suits you
- ▶ Structure your assets in retirement to maximise income and minimise tax
- ▶ Invest your retirement savings to reduce risk and volatility
- ▶ Pass your estate tax effectively to your beneficiaries

We have developed new Tax Office approved strategies that can save thousands of dollars in tax. We have also addressed a number of other issues essential for retirees and pre-retirees.
